EXPERIENCE

JeffTech │ Freelance Engineer │ *Open Source Contribution of Zenko Stack*
- Utilized Docker, AWS and Node to successfully integrate IPFS cloud backend into the Zenko stack over the course of a 5-day Hackathon.

CatFacts │ Engineer │ *Personal Project*
- Co-created a web-app that communicates with the Twilio API to send text messages to anyone via text or email.
- Personally designed searching algorithm, data management, and frontend features.

E-Commerce Website │PHP Developer │ *Student Project*
- Created shopping cart system that saved items for purchase, even when user isn't logged in.
- Website referenced a self-made database and allowed for admins to have special privileges.
- Created in less than two days.

Stairway_To_42│ Engineer │ *Interactive LED Light Array*
- Project Manager to group of 4 developers in designing, developing and presenting a project
- Created a web-app that changes the color of the lights using PIGPIO and Python.
- Created an API to allow others to build apps that could change the lights as well.

CodeForFun │ Cybersecurity/Python Instructor │ *Technology Summer Camp*
- Mentored and taught cybersecurity concepts to 30+ students ranging in age from 12 – 16
- Wrote problem sets and python scripts to challenge students on a daily basis.

Auti-text │ Java Engineer │ *Hackathon Project*
- Co-created and developed a program in JAVA that uses IBM's Watson to read text messages and assign colors to messages based on emotional tone of message. Designed for individuals with autism.

Behavioral Intervention Association │ Behavior Analyst │Teacher │
- Collaborated with Behavioral Therapists while utilizing early intervention strategies.
- Led activities and lessons with 15-20 children per week; worked with 50+ kids in one year.
- Specialized in working in groups and and creatively coming up with solutions or scenarios.

TECHNICAL EXPERTISE | SOCIAL SKILLS | INTERESTS

TECHNICAL EXPERTISE	SOCIAL SKILLS	INTERESTS
• C, Docker, Python, MEAN, JS	• Thrives in Team Environments	• Blockchain/Crypto
• Git, AWS, PHP, IPFS	• Social Media Savvy	• Philanthropy
• React, jQuery, Agile, Solidity	• Entrepreneurial Experience	• Video Games

EDUCATION

Computer Science│ 42 USA │ Oct. 2016

B.S., Communicative Disorders & Deaf Studies │ University of Fresno │ May 2015

Courses in graphic design + video game production │Center for Advance Research & Technology │ June 2010
